

AWARD IN UNDERTAKING  
END-POINT ASSESSMENT

Level 3

# AWARD IN UNDERTAKING END-POINT ASSESSMENT

## COURSE DELIVERY CONTENT

### DESIGNED TO DEVELOP KNOWLEDGE AND SKILLS OF END-POINT ASSESSMENT

The objective of this qualification is to support a role in the workplace as it will provide specific knowledge and skills for those who plan to undertake end-point assessment processes and practices. It is designed to support those who have sector competence within the areas of apprenticeship standards and who would like to gain a more specialised understanding of end-point assessments processes and practices.

This qualification has been designed to cover assessment methods that are used in the majority of assessment plans for approved apprenticeship standards. This includes knowledge tests, professional discussions, practical observations and work projects

The course has knowledge and performance elements. The knowledge is undertaken using online resources and completed with assignments. The performance is watching a selection of videos and taking notes from which you will make your judgements of pass, fail or distinction as if you were the EPA. You will then book onto an online discussion attended by a couple of others on the course and the Trainer where you will discuss in

detail your notes and judgements - this is a little like a standardisation meeting.

Your Trainer is available throughout, for example if you are struggling with anything you can call or email or alternatively call Grey Seal customer service and they will schedule a time in the Trainers diary for them to call you.

Detailed written feedback is given following each assignment so you can easily refer to it

The Guided learning hours for this course is 24 hours GLH values are advisory and assigned to a qualification as guidance, You can complete this qualification at your own speed the Trainer will match your progress

You may be interested in some other Grey Seal qualifications for Trainers and Assessors including: TAQA / CAVA for unqualified Assessors; IQA; Lead IQA; or Award in Education and Training.

Or consider our funded courses in Safeguarding and Prevent, Equality and Diversity and a range of vocational subjects such as administration and customer service

- The course is online using a Virtual Learning Environment, you will be able to submit your assignments and get feedback and track your progression
- You will have a personal Trainer who will also be taking the online discussions / workshops and be available for feedback and assistance throughout
- It is interactive with group discussions using a simple to use meeting system and a peer forum for use during and after the course

# Learning Outcomes

The aim is to enable the learner to understand and use end-point assessment principles and practices, in either a work environment or simulated environment, to assess an apprentice against an apprenticeship standard. Learners will understand the different types of end-point assessment, and the role of the end-point assessor. They will demonstrate assessment skills by making, recording and justifying assessment decisions against apprenticeship standards.

**Understand the principles and practices of end-point assessment as part of an apprenticeship standard**

**Understand different types and methods of end-point assessment**

**Know how to plan end-point assessments in line with the apprenticeship standard and assessment plan**

**Be able to make end-point assessment decisions**

**Understand quality assurance of the end-point assessment process**
